I intend to purchase one USKA Super Stamper Industrial Mega Pack for $11,400 USD.

The pack includes one Industrial Unit and 500,000 stamp credits, valid 12 months from activation. Extra stamps cost $0.02 each and are purchased digitally.

One buyer = one pack = one LOI + one IMFPA document pair.

Activation date, delivery method and final seller terms must be recorded in the commercial agreement. No activation or payment is represented by this template.

Any digital execution requires the authorized buyer to accept the final document. Generating this template does not sign it.
